

KEVARITE

The World's Most Durable A-Frame

A DURABLE **HINGE**, NO MORE EASY TO BREAK PARTS

ET4-105 Black or white A-frame
RITEFLUTE INSERT AFRAME 600mm X 450mm

Double sided displays give you a better offer to be seen by your customers. The Rite 600 by 450 metal faced A-frames is the perfect invitation to people who pass by.

- Light wieht but stable with high quality hinges
- Inset panels prevent damage through transport
- Choose the colour to suit your client, black or white

ET4-200 Black or white A-frame
RITEFLUTE INSERT AFRAME 600mm X 900mm

Insert offers maximum versatility, You can slide in & out your signage; 3mm thickness is recommended for regular changes or 5mm for irregular changing. Standard colours are black & white.

Easily folded for transport with rounded corners and a hinge mechanism designed with safety in mind, the hinge allows the a-frame to fold up & lay flat if the wind blows it over so there is no chance of it being blown down the street.

Item Code	Size & Weight
